

# Beyond ASMS - Columbia, MD

## A Waters Innovation Road Show - July 15, 2026

The American Society for Mass Spectrometry (ASMS) Annual Conference is the premier event for discovering the latest scientific advances and product innovations from the mass spectrometry community. For those unable to attend in San Diego, we're bringing highlights of Waters product innovations and science directly to you! Join leading voices from the MS community and Waters scientists as they share cutting-edge research and demonstrate how innovation is accelerating scientific discovery.

### Agenda:

|          |                                                                                         |
|----------|-----------------------------------------------------------------------------------------|
| 9:30 AM  | Registration & Coffee                                                                   |
| 10:00 AM | Introductions - The New Waters                                                          |
